

THE TIME IS NOW!

Build a long-term career with family sustaining wages, comprehensive health care and retirement plans in the region's Construction Trades!

You're invited to the Construction Trades Careers Community Workshop!

Sponsored by the Builders Guild of Western PA, the Pittsburgh Penguins and the Master Builders Association of Western PA.

- Construction Trades Careers - Community Workshop Event
 - Saturday, January 27, 2018
 - 10:00 AM to 3:00 PM
 - PPG Paints Arena

The region's commercial construction industry is at historic highs and continues to grow. The need for people with drive and desire to build a sustainable, well-paying career and to help build our region has never been greater. Minorities and women are especially encouraged to attend and apply.

Meet representatives of the Pittsburgh Region Construction Trades and Contractors and learn about the application and acceptance process into the Apprenticeship Training Programs.

There is no cost for these nationally recognized training programs and you're paid while in training, with benefits! No construction experience is necessary!

Also on hand to answer your questions or provide guidance and additional services:

- The region's best known General Contractors
- Duquesne University Law School - guidance on criminal record expungement
- A. Philip Randolph Institute – information on obtaining a drivers' license or recovering a suspended license
- Energy Innovation Center and Breaking the Chains of Poverty - Pre-apprenticeship programs designed for those who need to improve math, reading and interpersonal skills
- Community service organizations who offer programs to help you prepare for testing and interviews
 - Community College of Allegheny County - Adult education programs

No-cost, paid training with benefits. The opportunity to earn hourly wages up to three times minimum wage in your first year. Don't Miss This Opportunity!

Free parking in the Arena South Lot on Center Avenue. Enter through the Trib Total Media Gate.
