

OUR VETERANS NEED YOUR HELP

Veteran Affairs Supportive Housing (VASH)

Help us serve those who have served our country.

If you own rental property in Pittsburgh, you can ensure a veteran has a place to call home by getting involved with a program that has helped thousands of veterans to overcome homelessness and lead independent lives.

HACP is seeking Pittsburgh landlords and property owners willing to provide homes for deserving veterans. Our veterans are actively searching for 1, 2 and 3-bedroom units.

Leasing benefits include:

- ★ Expedited HQS inspections
- ★ Expedited leasing process
- ★ Tenant case management provided by the Veteran's Administration

If you are willing to help house homeless veterans and their families, please email your information to us at landlordservices@hacp.org.

What is HUD-VASH?

The U.S. Department of Housing and Urban Development is partnering with the Veteran's Affairs Administration in an effort to provide long-term affordable housing to homeless veterans. Through the HUD-VASH program, the Housing Authority of the City of Pittsburgh will provide housing for these veterans and their families.
