Basement Waterproofing at 2073 Walton Street REBID

Quotes due Wednesday, July 18, 2014 @ 2:00 p.m.

Fax to Debbie Norkevicius at (412) 456-5007

Scope of Services

Please provide the following services:

- Install an interior sub-floor French drain system along twenty-four feet (24') of the rear foundation wall in the basement and garage.
- The drain will consist of 3" perforated pipe laid in a continual line along the vertical plane of the footer.
- The drain will terminate at a sump tank located in the most appropriate place. A submersible 1/3h.p. sump pump to be installed for discharging the water collected in the tank. The discharge line from the pump will be connected to a downspout on the exterior of residence.
- Entire system will be covered with pea gravel, and a vapor barrier and the floor will be re-cemented.
- The contractor shall be responsible to remove all dirt and debris resulting from this installation and will clean up and haul from the premises and the work area left in a neat condition.
- The homeowner is responsible for removing any obstructions from the walls so that the servicemen have access to the work area.
- Vendor is responsible for making any "One Call" phone calls prior to digging.
- Vendor is responsible for any and all permits necessary to complete work.

**SITE VISIT WILL BE July 15, 2014 @ 2:00 PM AT 2073 Walton Street,
PITTSBURGH, PA 15210**

Please contact Debbie Norkevicius at 412.5000.5116 Ext. 8505 or
Debbie.Norkevicius@HACP.org with any questions about the above
scope.
