SECTION II SCOPE OF SERVICES

The selected professional will provide any and all services required for the completion of a comprehensive Green Physical Needs Assessment & Integrated Energy Audit (hereinafter, “GPNA”) comprised of a Physical Needs Assessment (PNA) with Integrated Energy Audit (EA) in accordance with applicable regulations (hereinafter “Services”) issued by the U. S. Department of Housing and Urban Development (HUD). Services pertain to HACP’s entire public housing portfolio and are more fully described herein. The GPNA shall represent life cycle needs for an evaluation period of 20 years. The contract is expected to have an overall duration of up to one (1) year.

HUD’s regulations require that the GPNA incorporate the recommended Energy Conservation Measures (ECM) from the Integrated Energy Audit (EA). All of the information must be provided in a format prescribed by HUD (including the HUD GPNA Tool) or as generally accepted in the industry.

A. Green Physical Needs Assessment

The selected professional will perform a GPNA of HACP’s Public Housing Portfolio as listed in **Attachment K**, including common spaces, grounds, and any HACP-owned roadways and related infrastructure including HACP owned utility infrastructure in accordance with all applicable HUD regulations and guidelines for GPNAs. The Services will accomplish a systematic review of all the major physical components of the designated property locations to result in a long-term schedule for replacement of each component and estimated capital costs required to meet the replacement needs. At a minimum, the goal of the GPNA is to identify and provide a description of all physical improvements that will be required to bring the property back to a level comparable with “as built” conditions to the degree reasonably possible based on available components and building age. The effort should provide HACP with the information necessary to ensure long-term physical viability and in a manner suitable for planning and budgeting purposes. Data shall be in a format suitable for HUD reporting requirements.

The specific scope of services to be provided for the Green Physical Needs Assessment include, but are not limited to the following:

1. Consultation and interviews with HACP staff regarding the history and condition of each property, modernization completed to date, currently planned modernization, any ongoing maintenance issues, existing documents or plans, and information on any existing periodic inspection reviews or testing of building and property systems and components. This is to gain insight into the operation of the properties and to incorporate ongoing needs into the assessment.
2. Consultation with HACP management regarding its long-term plans for each property to identify any plans for demolition, disposition, or redevelopment.
3. Review any plans, building histories, maintenance records, internal or external inspection reports, REAC scores or other documentation that may provide insight into the needs of each property.

4. Review of current and past modernization grants to identify work that has been completed, work that is under way, and work that is planned in the immediate future in order to gain an understanding of HACP's approach to physical improvements.
5. Review any environmental assessments, testing reports, or other materials to identify any hazardous materials that may need to be encapsulated or removed.
6. Survey of **100% of all sites** to identify necessary improvements to estimate the remaining useful life of components that include but are not limited to the following:
 - a. site entries and signage

8. Establish a sampling methodology to select a minimum of 10% of dwelling units at each property for survey. Survey a **minimum of 10% of dwelling units** in each property to identify necessary improvements and to estimate the remaining useful life of components. The sample shall include at least two of each unit type in each property and may require that more than 10% of the units be surveyed. Components include, but are not limited to:

- d. Common Areas
- e. Units

10. Estimate the remaining useful life (EUL) of each building component and site system to identify the timing for replacement (assuming routine and timely maintenance is performed) during a twenty-year time period. Note: a regulatory compliance review is not required for these units or areas, just a functionality and EUL assessment.

11. Identify and assess the remaining life expectancy of each component and life span of the recommended modernization elements to determine the level of repair necessary to restore

each component to optimal condition. The level of repair should be rated using the following categories:

- a. No action required
- b. Minor action required
- c. Moderate action required
- d. Major action required
- e. Replacement required

16. Complete the reporting and data entry requirements in accordance with current/proposed regulation. Services include loading data resulting from GPNA into the GPNA Tool as released by HUD. The GPNA Tool is a standalone Windows-based Microsoft Access® application. Services include providing and loading unit cost data based in industry indices into the GPNA Tool. In addition, a database in excel or a similar program acceptable to HACP will be required for its use so that reports of physical improvement needs and their costs can be generated by any combination of variables collected during inspection. Some of these requirements will include:

- a. Providing an executive summary summarizing findings and recommendations and introductory background section, summarizing the prior modernization history, the assessment of procedures, methods or assumptions used, approaches in regards to unit prioritization methods, cost estimation, and explanations of the database.
- b. Assembling a section that gives general information and descriptions of the development; a prose assessment of each site, structure, building envelope, common area, unit interiors, crawl spaces, etc.
- c. Within each development section include a listing, brief description, recommendation, and cost estimation of each issue or deficiency, by priority.

d. A database shall be kept in Microsoft Access, Excel, or a similar program acceptable to HACP. The specific scope of services to be provided for the integrated EA include but are not limited to the following:

1. Analyze measured utility consumption to identify and evaluate conservation measures that could result in cost effective energy and water conservation, and to evaluate green measures that could result in environmental benefits. It is not an investment grade energy audit but should provide sufficient data and guidance to indicate to HACP whether a more comprehensive audit would be useful in determining the potential for greater savings on certain ECMs.
2. The EA will record the incremental cost (the difference in cost for an energy efficient or green component as compared to the cost of a standard component already included in the component replacement schedule) to implement ECMs recommended from an energy audit or other green measures.
3. The EA shall contain at least the following elements in order to integrate energy conservation information into the GPNA Tool:

 - i. Projected annual savings in dollars for recommended ECMs;
 - j. Expected useful life of all ECMs and green measures;
 - k. Identify life cycle costs or savings of all ECMs and green measures including disposal costs and maintenance costs;
 - l. Energy auditor recommendations for optimal sequencing of ECM implementation for maximum benefit.
4. Identification and evaluation of all energy conservation measures considered which shall include those that have the potential for cost effective implementation. ECMs that shall be considered in the energy audit include those in the following categories:
- a. Building equipment operation and maintenance (i.e.: repair of plumbing leaks, timely air filter replacements);
 - b. Building envelope (e.g., wall or attic insulation, roofs, storm doors, weatherization, and windows);
 - c. Mechanical equipment and controls (e.g., energy efficient furnaces, air handlers, fans, boilers, hot water heaters, and programmable thermostats);
 - d. Water conservation (e.g., low flow fixtures, alternate irrigation, and grey water);

HACP MBE and WBE Goals. It is the policy of HACP to ensure that Minority Business Enterprises (MBEs) and Women-owned Businesses (WBEs) are provided maximum opportunity to participate in contracts let by HACP. In accordance with Executive Order 11625, HACP has established a minimum threshold of eighteen

percent (18%) of the total dollar amount for MBE utilization in this contract. HACP has established a seven percent (7%) minimum threshold for participation of WBEs, and, HACP strongly encourages and affirmatively promotes the use of MBEs and WBEs in all HACP contracts. For these purposes, an MBE is defined as "any legal entity other than a joint venture, organized to engage in commercial transactions, that is at least fifty-one percent (51%) owned and controlled by one or more minority persons." Also, a minority person is defined as a member of a socially or economically disadvantaged minority group, which includes African-Americans, Hispanic-Americans, Native-Americans, and Asian-Americans. A WBE/MBE is defined as "any legal entity other than a joint venture, organized to engage in commercial transactions, that is at least fifty-one percent (51%) owned and controlled by a female.

Proposals submitted in response to this solicitation MUST include an MBE/WBE participation plan which, at a minimum, demonstrates "Best Efforts" have been taken to achieve compliance with MBE/WBE goals. HACP's Procurement Policy defines "Best Efforts" in compliance with MBE/WBE goals to mean that the Offeror must certify and document with its bid or proposal that it has contacted in writing at least ten (10) certified MBE/WBE subcontractors to participate in the proposed contract with HACP or lesser number if the Offeror provides documentation that ten (10) certified MBE and ten (10) certified WBE subcontractors could not be identified. Each Offeror shall certify as to the same under penalty of perjury and shall submit the back-up documentation with its bid or proposal. Any bid or proposal received that does not contain such certification and back-up documentation acceptable to HACP shall be deemed non-responsive by HACP.

If you have any questions regarding the HACP MBE/WBE goals please contact Ms. Danielle Davis, MBE/WBE Compliance Specialist, by e-mail at danielle.davis@hacp.org or by contacting her at the Procurement Department, Housing Authority of the City of Pittsburgh, 100 Ross Street, Suite 200 Pittsburgh PA 15219, telephone (412) 456-5000, ext. 8506.

H. MBE/WBE Letter of Intent

Complete a Letter of Intent for each MBE/WBE firm contacted. A sample letter is provided in **Attachment F**.

I. Section 3 Participation

Provide a written plan that describes ways the Offeror will fulfill Section 3 Participation to comply with HUD and HACP's Section 3 requirements. Also, refer to the Section 3 Clause and complete the forms provided in **Attachment G** and include with your proposal. Proposals must demonstrate how the Offeror intends to meet or exceed these goals.

Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701, et seq.) (the "Act") requires the Housing Authority of the City of Pittsburgh to ensure that employment and other economic and business opportunities generated by financial assistance from the Department of Housing and Urban Development ("HUD"), to the greatest extent feasible, are directed to public housing residents and other low income persons, particularly recipients of government housing assistance, and business concerns that provide economic opportunities to low and very low income persons.

To comply with the Act HACP requires its vendors to provide equal employment opportunity to all employees and applicants for employment without regard to race, color, religion, sex, national origin, disability, veteran's or marital status, or economic status and to take affirmative action to ensure that both job applicants and existing employees are given fair and equal treatment.

The goal of this policy is to obtain a reasonable level of success in the recruitment, employment, and utilization of HACP residents and other eligible persons and/or businesses by the vendors working on contracts partially or wholly funded with HUD monies. HACP shall examine and consider an Offeror's potential for success in providing employment and business opportunities to those covered under Section 3 prior to acting on any proposed contract award. In response to any procurement (RFP, RFQ or IFB) HACP will require submission of the Section 3 Opportunities Plan and roster of current employees, and certification that the Offeror will comply with the requirements of Section 3.

HACP, in accordance with applicable laws and regulations, has established employment and training goals that Offerors and subcontractors are expected to meet in order to comply with Section 3 requirements. The goal is that thirty percent (30%) of the aggregate number of new hires in any fiscal year shall be Section 3 eligible. It is the vendor's responsibility to implement progressive efforts to attain Section 3 compliance. HACP, in accordance with applicable laws and regulations, has established a hiring and/or training requirement for vendors. This requirement establishes a sliding scale threshold based upon contract size for the value of Section 3 hiring and/or training to be achieved by the vendor. In the event that the threshold level cannot be achieved through hiring by the vendor and/or subcontractors, the vendor may either a) incur the cost of employment and related skill training provided to residents in amounts commensurate with the sliding scale amount, or b) make a cash contribution to the HACP's non-profit Education Fund in an amount commensurate with the sliding scale amount.

HACP will provide assistance to vendors and Offerors in identifying qualified and eligible Section 3 residents and businesses, and has established procedures for monitoring vendor compliance.

The Section 3 Program Manual, as may be revised from time to time, contains information on this policy, and the requirements, procedures, forms, and assistance opportunities that have been established to implement this policy.

Below are HACP Section 3 Guidelines as listed in the Program Manual:

RESIDENT HIRING SCALE	
TOTAL LABOR DOLLARS USE TOTAL CONTRACT AMOUNT FOR SERVICE CONTRACTS	RESIDENT LABOR AS A % OF TOTAL LABOR DOLLARS

At least \$2 million, but less than \$4 million	3% of the labor dollars
At least \$4 million, but less than \$7 million	2% of the labor dollars
\$7 million or more	½ to 1 % of the labor dollars

- (b) If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the HA shall make an equitable adjustment in the not-to-exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.

9. Assignment of Contract

The Contractor shall not assign or transfer any interest in this contract; except that claims for monies due or to become due from the HA under the contract may be assigned to a bank, trust company, or other financial institution. - (b) The Contractor shall make any required corrections promptly at no additional charge and return a revised copy of the product to the HA within 7 days of notification or a later date if extended by the HA.
- (c) Failure by the Contractor to proceed with reasonable promptness to make necessary corrections shall be a default. If the Contractor's submission of corrected work remains unacceptable, the HA may terminate this contract (or the task order involved) or reduce the contract price or cost to reflect the reduced value of services received.

13. Interest of Members of Congress

No member of or delegate to the Congress of the United States of America or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit to arise there from, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

(e) Penalties. Any person who makes an expenditure prohibited under paragraph (b) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(f) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. Instructions to Offerors – Non-Construction (HUD 5369B)

Instructions to Offerors Non-Construction

U.S. Department of Housing
and Urban Development
Office of Public and Indian Housing

- 03291 -

1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

- (1) signing and returning the amendment;
- (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer,
- (3) letter or telegram, or
- (4) facsimile, if facsimile offers are authorized in the solicitation. The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

Public reporting burden for this collection of information is estimated to average 35 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

This collection of information requires that each eligible applicant submit comprehensive plan information to HUD every six years in order to receive its annual formula grant. This information will be used by HUD to determine whether the comprehensive plan/annual submission meets statutory and regulatory requirements for the annual formula grant. Responses to the collection are required by Section 14(e)(1)(A) and (C) of the U.S. Housing Act of 1937, as amended. The information requested does not lend itself to confidentiality.

Instructions for Preparation of Form HUD-52832—Physical Needs Assessment

Report Submission: Prepare a separate form HUD-52832 for each development in the HA's inventory, which is eligible for Comprehensive Grant Program (CGP) funding, for all HA-wide nondwelling needs, e.g., maintenance equipment, and for any development needs. Submit these forms to HUD as part of the submission of the original Comprehensive Plan in the first year of participation in the CGP and every sixth year when a complete revision of the physical needs assessment is required. On an as-needed basis, submit a revised form where physical needs have significantly changed since the last needs assessment and the HA wishes to include these needs in the Five-Year Action Plan. Developments which are contiguous and treated as one development for management purposes may be grouped together on a single form.

Heading Instructions:

HA Name. Enter the HA name.

Original or Revision Number. Self Explanatory. Every sixth year a new original is prepared.

Development Number. Enter an 11-digit alpha numeric code as follows: two-digit State code (alpha); two-digit Field Office code (numeric); P for Public Housing or B for Indian Housing; three-digit HA number (numeric); and three-digit development number (numeric). For example, VA05PO36001. In lieu of a development number, enter "HA-wide" for physical needs that are HA-wide in nature.

DOFA Date. Enter the Date of Full Availability (DOFA).

Construction Date. For acquired developments enter the actual date of construction or for scattered sites, the average date of construction of all buildings. **Note:** When the construction date is provided, this date will be used in lieu of the DOFA, subject to a 50-year cap.

General Characteristics. Check the appropriate box that describes the type of development, the type of occupancy, and the type of structure. CGP funds may be used to provide for modernization activities in Turnkey III units that are vacant or non-homebuyer occupied, or to provide for limited activities in homeowner-occupied units as long as the work is completed prior to conveyance.

If Turnkey III - Vacant is checked, indicate the number of vacant or non-homebuyer-occupied units planned for substantial rehabilitation next to the box and circle "V". By so doing, the HA indicates that: (1) the proposed modernization will result in bringing the identified units into full compliance with the homeownership objectives under the Turnkey III Program; and (2) the HA has homebuyers who both are eligible for homeownership, in accordance with the requirements of 24 CFR Part 904 for PHAs or 24 CFR Part 950, Subpart G, for IHAs, and have demonstrated their intent to be placed into the Turnkey III units proposed to be substantially rehabilitated.

If Turnkey III - Occupied is checked, indicate the number of Turnkey III units which are paid off, where work will be performed to meet statutory or regulatory requirements next to the box and circle "O".

Number of Buildings. Enter the number of buildings containing dwelling units.

Current Bedroom Distribution. Enter the current number of units for each bedroom size.

Vacant Units. Enter the number of vacant units as of the date this form is prepared and the percentage of vacant units to the total number of units in the development.

Total Current Units. Enter the number of units in this development under ACC.

Column Instructions:

General Description of Needed Physical Improvements. Enter a general description of all unfunded physical improvements that must be undertaken

to bring the development (dwelling and nondwelling structures, dwelling and nondwelling equipment, and site) up to a level at least equal to the modernization and energy conservation standards and to comply with other program requirements. Also, include any replacements of equipment, systems and structural elements that will be needed, assuming routine and timely maintenance, within the next five years. Enter only physical improvements that are eligible for CGP funding. Do not enter any physical improvements already funded by CIAP or other sources which the HA plans to complete. However, enter physical improvements currently funded under CIAP where the HA plans to reprogram CIAP funds for other work under the CGP.

On a separate form, include any unfunded physical improvement needs for HA-wide nondwelling structures and equipment. Also, include any replacements/rehabilitation of nondwelling structures and equipment that will be needed, assuming routine and timely maintenance, within the next five years.

Describe the proposed improvements in broad categories, such as kitchens, bathrooms, roofs, electrical systems, heating systems, landscaping, nondwelling structures, lead-based paint abatement, physical accessibility, maintenance facility, computer hardware, etc. Include all broad categories of needed work without regard to the availability and/or source of funds.

If there are no current needs and the HA does not anticipate any replacement needs within the next five years, enter a statement to that effect in this section. Such a statement does not preclude the HA from amending the needs assessment at any time within the five-year period if unforeseen needs arise or from identifying new needs which have occurred when the needs assessment is revised every sixth year.

Urgency of Need. For each broad category of work identified under the General Description of Needed Physical Improvements, enter a number that corresponds to the urgency of the need on a HA-wide basis, with "1" reflecting the most urgent need and "5" reflecting the least urgent need. Assign a "1" to activities required to correct emergency conditions and to meet statutory or other legally mandated requirements, such as physical accessibility.

Total Preliminary Estimated Hard Cost for Needed Physical Improvements. Enter the total preliminary estimated hard cost for the broad work categories listed in the General Description of Needed Physical Improvements; excluding any management improvements, administration, architectural/engineering fees, relocation or other soft costs.

Per Unit Hard Cost. Divide the Total Preliminary Estimated Hard Cost for Needed Physical Improvements by the total number of current units in the development and enter the per unit hard cost.

Physical Improvements Will Result in Structural/System Soundness at a Reasonable Cost. Check Yes or No. For cost reasonableness, the preliminary estimate of hard costs for work proposed at the development shall be 90 percent or less of Total Development Cost (TDC).

Development Has Long-Term Physical and Social Viability. Check Yes or No as to whether the HA has determined that the development has long-term physical and social viability. **Note:** If No is checked, attach the viability analysis and an explanation of what actions are proposed regarding the nonviable development.

Date Assessment Prepared. Self-explanatory.

Source(s) of Information. Identify the source(s) of information used to develop the General Description of Needed Physical Improvements. Retain such information in HA files (1) as supporting documentation for the needs assessment, (2) for post-review by HUD, or (3) for submission to HUD upon request.
