Mobile Devices and Related Services

RFP #200-08-17

ADDENDUM NO.2

This addendum issued June 7, 2017 becomes in its entirety a part of the Request for Proposals RFP #200-08-17 as is fully set forth herein:

Item 1: Q: Will the Housing Authority of the City of Pittsburgh accept proposals using existing terms and conditions of the State mobility contracts such as the Commonwealth of Pennsylvania NASPO value point or must the parties responding accept the terms and conditions outlined in the RFP?

A: A contract or contracts may be awarded on the highest-ranking responsive and responsible Offeror or Offerors whose offer is most advantageous to this Authority.

Item 2: Q: We are inquiring whether we can bid only on the accessories for these devices?

A: No. HACP is looking for proposals for the full services provided in the scope.

Item 3: Q: The RFP lists Direct Connect? This is a Sprint brand. Is it ok to use a Verizon branded service that is similar?

A: Yes. HACP is looking for Direct Connect or equivalent.

Item 4: Q: The pricing sheet doesn't have space to break down the services. Is it ok to add a sheet that shows the breakdown?

A: No, please see revised Attachment "K" – all offers should use the revised fee sheet.

Item 5: Q: The 17 phones do not list a data plan but are recommending a Smartphone. Is it ok to add the data pricing?

A: Yes

Item 6: Q: Attachment G – Firm Demographics – Can you please expand on the “Foreign” column?

A: **“Foreign” would be considered any nationality not previously listed or a non-American Citizen.**

Item 7: Q: How many tablets/hot spots does HACP currently have, or potentially need?

A: **HACP currently has a total of 13. (5 tablets that would need new sim cards in addition to hot spots)**

Item 8: Q: Do you need truly unlimited high speed data for smartphones and tablets/hot spots? (By truly unlimited, I mean no throttling, no financial overage, no pooling)

A: **Unlimited data plan and text , group pooling for all devices**

Item 9: Q: In respect to smartphone size, the RFP states 6 inch minimum. Does that include phone encasing and screen? Can we offer a phone that includes a stylus and has 6.08 inch physical diagonal dimensions, but 5.7 inch screen size?

A: **HACP would be willing to look at a 5.7 screen size.**

Item 10: Q: Is the stylus required for all smartphones?

A: **Yes**

Item 11: Q: Are all the phones using PTT (push to talk) (178 total)?

A: **No**

Item 12: Q: Do you want GPS tracking for all devices, or just the 178 total? Also, do you need GPS tracking for tablets?

A: **HACP will determine the estimated 178**

Item 13: Q: Does the “Monitoring idle time” in item 7, sub item d mean time while device is not in motion? True idle time can only be measured when a GPS device is plugged directing into the vehicle, which is why we are asking.

A: **Yes, when not in motion**

Item 14: Q: On page 52, Section 16. Equal Employment Opportunity – “The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.” Can HACP expand on what the “notices” is?

A: **That is the HUD General Conditions stating that each company should be an Equal Opportunity Employer**

Item 15: Q: In addition to the references, all bidders will provide the last three jobs they performed, contact information from the job and all change orders related to the job and the reason for each. – Is this in relation to the references that we will be providing HACP? Are you looking for detailed information on sample deployments, and/or transition to a new wireless carrier?

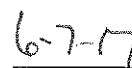

A: **HACP is looking for references to contact on past performance**

Item 16: The proposal due date is changed to June 19, 2017, time and location remain unchanged at 2:00 PM the HACP Procurement Dept., 100 Ross St. 2nd Floor, Suite 200, Pittsburgh, PA 15219.

END OF ADDENDUM NO. 2

Mr. Kim Detrick
Procurement Director/Contracting Officer
