Fire Pump & Emergency Generator Testing, Maintenance & Repair

Quotes due May 6, 2013 @ 10:00 a.m.

Fax to Corinne Lisefski at (412) 456-5007

Scope of Work

Provide fire pump & emergency generator, testing, maintenance and repair and other related work requested by HACP

Provide maintenance for the 12 Emergency Generators and the 4 Fire Pumps based on one (1) visit per unit/per year and emergency repair service.

A written report along with the maintenance checklists are to be sent to the Engineering Department upon completion of each unit.

All work is to be scheduled and approved by the Engineering Department at 412-456-5000 ext. 3023, Martin Werling

Emergency Services requires a **2 hour** on-site response time from the initial call
