Underground Gas Line Detection and Certification Services

IFB#300-30-15

ADDENDUM NO.1

This addendum issued October 29, 2015 becomes in its entirety a part of the Invitation for Bid IFB #300-30-15 as is fully set forth herein:

Item 1: **Q.** Specifically what are you requesting to be tested? It appears that you are requesting the following services:

1. Line location: utilizing existing blue prints or utilizing a line locator to make the underground lines also?
2. Leak Detection: Utilizing flame ionization
3. Atmospheric Inspection: Sample form of specific check list that is requested to be examined? i.e. soil to air interface, level of corrosion, customer piping, etc.
4. Is there any other testing you are looking for? i.e. pipe to soil, depth of cover, coating thickness, stray current, etc.?

A. Provide underground gas line detection and certification services as defined in the scope.

Item 2: **Q.** The different areas have been separated for pricing purposes. Can you provide more information on the quantity differences between the 5 areas? i.e. Bedford 350' and 35 dwellings

A. The scope list approximate totals, and is awarded by the total amount.

Item 3: **Q.** Are all facilities accessible without needing to schedule with residents which may cause a delay or postpone testing?

A. All facilities are accessible without needing to schedule with residents.

Item 4: The proposal due date, time and location remain unchanged November 6, 2015 at 1:00 PM at the HACP Procurement Dept., 100 Ross St. 2nd Floor, Suite 200, Pittsburgh, PA 15219.

END OF ADDENDUM NO. 1

Mr. Kim Detrick
Procurement Director/Contracting Officer
