OLD BUSINESS

Signage

- Reviewed the 10 signs that sub-committee recommending for purchase
- Recommend Label type signs for some areas; heavier signs would be used where necessary.
- Safety Consultant to review the information and respond to L. May so recommendation can be passed on for Executive Staff review and approval

Use of Ipods/MP3 players by employees

- Increased decibels of these devices can affect employee hearing when coupled with the noise of the equipment being operated.
- Use of devices could also be a distraction to the equipment operator.
- Committee recommending that ipods/MP3 players not be permitted for maintenance personnel.
- Committee recommends that employees working inside and not operating equipment be

permitted to use these devices.

- Safety Consultant to prepare procedure on hearing conservation matter for submission to Executive Staff for review and final decision .

Backhoe Operator Training

- Mike J. checked with two Companies that offer this training and he is waiting for prices.
- We have two operators who need to be able to take the equipment out on the road.
- Will report on findings at July Safety Meeting.

Forklift Operator Training

- Certificates will be given to Keava J. to sign off and then to be distributed to employees along with cards to carry on their person.
- This training was for recertification of current operators.
- Mike gave HR the training sign-in sheet for filing.

Shop Inspections

- Mike Janota to send PDF's of the inspection reports to HR on inspections that he conducted.
- No serious issues found during the inspections.

ACTION ITEM: Linda May to e-mail the current inspection checklists to Michelle Ralston.

- Linda May gave brief overview on the Site Inspections recently conducted by SOS Consulting, Erick Eyth. HR will be following up on suspense dates making sure all findings are corrected.

Accident Report Review (1)

- Operator was using a small Jacobson mower.
- The equipment should have had a guard on it.

High Voltage Exposure

- John McCracken contacted vendor to set up inspection of electric panel to determine caloric value to determine arc flash possibility.
- Then we will be able to determine Personal Protective Equipment needed for our employees.
- Colton Young made recommendation to contact the current property and casualty insurance carrier for HACP to request an inspection with a thermal camera.

ACTION ITEM: John McCracken to contact Dawn Kushner in Legal to get contact information.

- If special equipment is required other than a basic uniform for employees exposed to high voltage equipment, we could house it at that location for employee use.

Safety Glasses

- Vendor not able to attend our meeting. Tim Hagan did have samples of various types of safety glasses from Grainger that the committee passed around for discussion.
- Tim Hagan needs to get price lists and get samples of safety glasses that fit over existing prescription glasses.
- Safety Consultant suggested we also check with “Lab Safety Corporation” for price comparison. All samples did meet safety standards.
- Committee to table discussion on safety glasses before submitting recommendation to Executive Staff.

Graffiti removal

- Equipment used for graffiti removal – electric starters vs. a pull cord to start.
- Mike Janota said HACP does have sufficient equipment with starters for this operation.

ACTION ITEM: Linda May to send copy of current Safety Manual to Safety Consultant for review and updating.

Sub-Committee: Frank Germinaro, Stephen O’Neill and Mike Janota to review and update the current Emergency Evacuation Plan for employees. Will give finding report in July.

Exhibit V – General Underwriting Information

- Housing Authority is contemplating the award of a 1 year contracts with 2 two one year renewable options to be determined by the Housing Authority.
- Total payroll expected for 2012 is approximately \$15 million.
- Total Employee Count is approximately 300. There are approximately 20 locations with the highest location at 80 employees.
- The experience modification for January 1, 2012 is 0.994.
- Employees at the authority conduct a variety of maintenance tasks including carpentry, painting, plumbing, electrical work and excavating. The Authority eliminated their police department in 2007.
- HACP engages the services of Compliance Management International (Montgomeryville, PA) for safety consulting services. The consultant assigned to HACP has over 25 years of professional experience in occupational health & safety. The firm attends safety meetings, develops and promotes safety training and educational materials, develops safe operating procedures; provide summary reports, and advice on various safety and health issues that arise during the contract period.
- Over the past 5 years, undeveloped incurred losses average about \$450,000 per year (excluding police department losses).
- New employees hired by the authority are given initial safety training. Topics include, slips/trips/falls, Hazard Communication, office safety and blood borne pathogens. Refresher training is provided to employees annually on Hazard Communication (PA Right to Know) at the HACP University All Employee Training event. During this meeting, employees are also usually given training on a second topic that is different each year.
- Trenching activities are usually done at depths of less than eight feet but have been as deep as 12 feet in the past. Trench boxes are used when working below grade.
- HACP holds 7 Minute Trainer safety meetings. The training will be given to management who will then provide the training to their employees. Three topics will be done during the year.
- Scaffolding is not used often by HACP employees. Generally the work is not more than five feet high. Occasionally, employees will work as high as 18 feet (3 levels). Employees who are tasked with erecting scaffolds have gone through training in 2007.
- New hires are required to complete a pre-employment drug screening and physical. The physicals are coded so the doctor is aware of the physical requirements the prospective employee must meet.
- Currently, the Housing Authority has implemented a “Transitional Return-to-Work” program through the current WC carrier which is reviewed by the Loss Prevention Specialist and the Site Manager. When an injured worker receives their restrictions from the medical provider, the Loss Prevention Specialist along with the employee’s Supervisor evaluate the work available and the extent of the restrictions in performing their job duties to make the decision about their return to work.
- A physician’s panel is in place.
