## Hazardous Material Abatement Authority Wide Rebid RFP #600-20-19-REBID

### ADDENDUM NO.2

This addendum issued November 18, 2019 becomes in its entirety a part of the Request for Proposals RFP #600-20-19-REBID as is fully set forth herein:

**Item 1:** Q: In Addendum 1, Item # 1 regarding bids for only mold and duct cleaning/disinfecting question, the answer given is suggesting use of sub-contracts. We are choosing not to utilize sub-contracts due to the potential for their lack of skills, understanding and use of nano-technological development of products. Our firm is not only certified to abate mold but has specific skills, equipment and EPA Registered products that no other has. To teach others to perform adequately, the expense and time to do so seem impractical and costly. Especially in light of the lack of financial information to see if there is value to us. We have multiple teams of technicians and vehicles to provide service to residential and commercial clients at the same time. So we are asking if we are only bidding on mold, duct cleaning/disinfecting and dryer vent cleaning/disinfecting, will our proposal be accepted?

**A:** Yes, your proposal will be accepted.

**Item 2:** The proposal due date, time, and location remain unchanged at December 5, 2019, at 2:00 P.M., at the HACP Procurement Dept., 100 Ross St. 2nd Floor, Suite 200, Pittsburgh, PA 15219.

END OF ADDENDUM NO. 2

Mr. Kim Detrick  
Procurement Director/Chief Contracting Officer
