The above table indicates the Gross Payment Standard by bedroom size and includes a quick reference for the most common leasing situations with respect to tenant-paid utilities, indicating the maximum amount of contract rent allowed under the program, depending upon what utilities the tenant will be financially responsible. "Gas & Electric" limits are based upon the tenant paying for gas heat, gas cooking, electric lighting, and gas water heat. "All Utilities" figures represent the "Gas & Electric" limits plus the utility allowances for the tenant paying water and sewage, range/microwave and refrigerator.

To determine whether or not a unit qualifies for the Rehabilitation Voucher standard a unit must [1] not have received an HACP subsidy in the past 12 months, [2] undergo significant renovations, and [3] pass the International Property Maintenance Code. Properties built to be affordable under the Inclusionary Zoning policy are also eligible.
