The above table indicates the Gross Payment Standard by bedroom size and includes a quick reference for the most common leasing situations with respect to tenant-paid utilities, indicating the maximum amount of contract rent allowed under the program, depending upon what utilities the tenant will be financially responsible. "Gas \& Electric" limits are based upon the tenant paying for gas heat, gas cooking, electric lighting, and gas water heat. "All Utilities" figures represent the "Gas \& Electric" limits plus the utility allowances for the tenant paying water and sewage, range/microwave and refrigerator.
